Youthful, energetic and free - see life from a new perspective, just the way it should be. Taking the mental make up of the young as the blueprint, Freedom Park Life has been conceptualised and developed as per the needs and lifestyle of the young. It's a residential complex so much more special than the rest.

That is why every room has been designed with comfort and aesthetics that defy imagination. Finished with exemplary styling and topical designing, it truly reflects a young mind.

Design is the soul of Freedom Park Life. Each of the ultra-modern homes at Freedom Park Life has been tastefully conceptualised & designed by Singapore and Design Plus (SAA) Mohit Gujral. Even the colours chosen for the interiors are reflective of the youthful hue. The beautifully landscaped courtyards mark the essence of every home, ensuring that you live a life that's truly free from all hassles.

State-of-the-art recreation like Jacuzzi, swimming pool and a health club provide the right rejuvenation for those who move in the fast lane. Parklife has single basement parking and surface parking, advanced fire fighting system, 100% power back up and 24 hrs water add more to the convenience. The icing on the cake is Freedom Park Life's easy-to-access location in the fast developing Sector 57 of Gurgaon.

A place to experience freedom to the fullest.
