

*The acoustics will ensure that
the word 'satisfaction' echoes constantly.*

Aluminum

Two giant 22 feet high oriental palm, suspended wooden panels from the sky roof and light emitting columns created with semi transparent epoxy stone on the floor dominate the double height volume of the atrium which, set in an artful, dynamic fitness suite, flow giving the entire structure an identity of its own. This will be ideally complemented by soundproof zones through high end floor systems that will further enhance the finishes already envisioned by SIDA Plaza.

The buyers will have the advantage of being the property acquired at their own risk. As a result, property, the SNG. There is a common with the SNG. There is a common with the SNG.

And for the business market, this is a keyhole to eternity.

Our Mission

Our story begins 8 years ago, with a vision to create a revolution in business. Having assembled our team standards in excellence, today we are a multi-core conglomerate. From oil and petroleum products, retail, automobile retail to B2B sales, our business interests have established exceptional standards of performance and productivity. All this thanks to our people-centric approach to business. We are committed to building long-term relationships with our stakeholders. They are the ultimate drivers of our business success. And it's their business to embrace new ideas that have been driving the cycle of innovation at SNG.

Our Development

It's our customer offers to benchmark the best in our performance. After proving our worth in the petroleum and automobile segments, we have now forayed into the housing and estate market. We are committed to building long-term relationships with our stakeholders. They are the ultimate drivers of our business success. And it's their business to embrace new ideas that have been driving the cycle of innovation at SNG.

Our Philosophy

Our customer is to reach the next level in everything we do. In delivery, in standards, in innovation, in excellence.

Our Vision

To focus on custom made lifestyle products which in turn enhances the life of consumers by raising the standards in the real estate. To continually create and bring the businesses we are part of urban but also by innovative, and modern. We are committed to building long-term relationships with our stakeholders. They are the ultimate drivers of our business success. And it's their business to embrace new ideas that have been driving the cycle of innovation at SNG.

Our Mission

To provide state-of-the-art housing, commercial establishments and infrastructure at an affordable price with unmatched quality and meticulous detailing. And thereby bringing about a change in the existing lifestyle of the people.
